ABOUT THE CHAMBER

The Cherokee County Chamber of Commerce is the County’s largest and strongest business-to-business network. Founded in 1970, the Chamber is a highly proactive and visible influence in Cherokee County. While the majority of member businesses have ten or fewer employees, the Chamber provides a forum for businesses of all sizes and types. The MISSION of the Chamber is to promote business and the community while expanding the economy and enhancing the quality of life. The Chamber’s VISION is to be the premier comprehensive resource for the Cherokee County business community.

We are an active, viable organization serving over 1,050 members through professional and personal development opportunities while promoting a strong, vigorous economic climate in Cherokee County. Not only do we create an atmosphere for new business growth in our county, we also strive to ensure our existing businesses thrive and newcomers and visitors recognize what Cherokee County has to offer.
